Server hosting

A teamspace Enterprise Portal has to be hosted on an own web server. This server can either be provided by the client himself, his provider or through 5 POINT AG.

If you choose 5 POINT's hosting services, we will offer you a full-service package that includes the costs for the server and all services and maintenance works throughout the year.

Additional services

Installation of portal on a separate server	at cost
Graphical adjustments of software and portal to client's design	at cost

Please contact us directly to get more information on customizations and individual offers for your own teamspace Enterprise Portal. More information about teamspace in general is also available on the Internet at www.teamspace.com:
